MEMORANDUM FOR: The Record

SUBJECT : 8 January 1957 Meeting at JSAD

1. Representatives from CIA, JSAD, Brown Team, Army, Navy, Air Force and Marine Corps attended. The undersigned represented the Agency.

2. The entire meeting consisted of a review of all previous JSAD meetings. Each item on the agenda was discussed briefly. The remainder of this memorandum deals with only those items which caused much comment or appeared to require some future action.

3. Agenda Items 3 a, b, and j. Col. Seeds pointed out that these Agency briefings on Pakistan, Greece and Laos were held with limited attendance. Each of the Service representatives evinced great interest. They agreed that such briefings would be most useful if repeated within the next few months. They particularly requested briefings on Laos, Vietnam, Indochina and the Middle East. They would like a listing of any briefings which might be available to them.

4. Agenda Item 3 d. It was pointed out that the collation of logistics documents has no authority in that it does not rescind the present documents. It was suggested that the next UW Annex to the JSCP refer to the collation.

5. Agenda Item 3 f. No action has been taken on the Agency request to be given regular distribution of pertinent parts of military theater war plans. Internal changes expected in the JCS in January may obviate this difficulty. If sooner or more certain action is desired, the Agency should initiate a memo from the DCI to the Chairman of the JCS.

6. Agenda Item 3 k. Col. Seeds stated that the Agency was going to send a senior representative to the Middle East with authority to issue orders rather than just be a member of the CINCNELM staff. Col. Seeds stated that the responsibility for preparing a draft outline of the UW planning responsibilities in the Middle East rested solely on the Agency, and that the JMEPC would take no action pending receipt of the Agency draft.

JCS review(s) completed.

8. The Air Force representative touched off a long discussion on E&E during which the following specific questions were asked:

a. Will CIA give the military a briefing on what and where are the CIA assets available for E&E?

b. How, when and to what extent will this information be made available to SAC and overseas air crews?

c. How will evadees contact CIA assets?

(1) Contact procedures for air crews.

(2) Contact with rear for removal of downed airmen.

d. How do Army Special Forces contact CIA agents?

Col. Seeds said that Agency comments on the E&E paper, SM-1016-56, would answer many of these questions when received.

9. The Air Force and Army representatives questioned whether or not the Agency "Intelligence Support of Unconventional Warfare" [] was sufficiently coordinated with the military. Specifically they doubted that the areas picked by the Agency as safe areas and contact areas corresponded with those picked by the military theater commanders and SAC. The Navy representative recommended a meeting of CIA and CINC representatives to decide on specific areas.

10. Our overseas war planners are invited to attend the next JSAD meeting which will be held at 1400 hours on 5 February. Items for the agenda should reach Col. Seeds on 29 January.
